Are You Prepared?

Most Canadians live paycheck to paycheck. Imagine not being able to work because of an illness or injury. Can you afford to lose that paycheck? Could you carry the financial load until you could work again? If you pass away, would you be putting an additional financial burden on your loved ones?

If the unthinkable happens, let First Canadian Insurance be there to help. In case of covered death or disability, the insured vehicle payments are made to your lender to reduce, or even eliminate your debt.

What are the Benefits?

- Benefit payments are tax-free, paid directly to the lender and never have to be re-paid.
- Creditor Insurance pays over and above any additional insurance.
- Premiums are calculated based on your financed amount NOT on your age.
- No medical exam is required.
- Enrolment is voluntary and made available at the time your loan or leasing agreement commences, so premiums can be included in financing as an easy payment option.
- Plans are available to both the customer and the co-signer.
