Off-Road with a First Canadian Protection Plan

Are you worried about unexpected breakdowns and unforeseen costly repairs?
Off-road vehicles are built with many specialized parts, and with the cost of service and components increasing each year, , an expensive repair could ruin your planned adventures.
Leave your worries behind with FCPP.

FCPP will quickly and efficiently handle your claim. Repair costs are paid directly to the repair facility on authorized service, saving you from out-of-pocket expenses and the inconvenience of waiting for reimbursement.

You're buying a great off-road vehicle, so why do you need this protection?

**It's better to have protection and NOT NEED it,
than to NEED it and NOT HAVE ANY.**

FCPP has created the Ultimate plan for you.
