PLATINUM AUTOGUARD

Coverage is provided by Millennium Insurance Corporation and is subject to the terms, conditions, limitations and exclusions of the policy.

PLATINUM AUTOGUARD

INCLUDES:

DENTS AND DINGS

A minor dent or ding, whether from a crowded parking lot or a stray shopping cart, can quickly diminish your car's appearance and value. Platinum AutoGuard covers dents less than 10 centimetres on accessible exterior vertical painted factory sheet metal panels. Eligible dents and dings can be repaired using paintless dent removal, helping restore the vehicle's original finish without the need for sanding or repainting.

EXTERIOR SCRATCHES

Scratches can detract from your car's appearance. Platinum AutoGuard covers scratches less than 30 centimetres on accessible exterior vertical painted factory sheet metal panels, provided they do not penetrate the primer or sheet metal. Eligible paintwork can be restored through professional buffing and polishing, helping bring back a smooth, like-new finish.

CUTS, TEARS AND BURNS

Accidents can happen inside your vehicle too, whether from a misstep with keys or a hot cup of coffee. Platinum AutoGuard covers eligible cuts, tears and burns less than 5 centimetres in length that penetrate the original factory leather, cloth or vinyl upholstery, helping restore the appearance and comfort of your vehicle's interior.

CHIPS AND CRACKS

Chips or cracks in your windshield or headlights can compromise both the safety and appearance of your vehicle. Platinum AutoGuard covers the repair of eligible chips or cracks less than 10 centimetres, helping maintain your vehicle's appearance and the functionality of its glass and lighting components.
